CEDAR LANE ROAD PROJECT

On Sunday, January 18, 2015 beginning at 9:00 A.M. and ending at 4:00 P.M., Duit Construction under contract with the Oklahoma Department of Transportation will be paving the roadway on 12th Avenue SE north of Cedar Lane Road. This work will require temporarily closing 12th Avenue SE between Cedar Lane Road and State Highway 9. Signs will be placed to detour the traveling public around the construction using US 77 and State Highway 9. Local access to nearby apartments will be provided to residents within the closure area.

The Cedar Lane Road Widening Project is a \$9.8 million street improvement project. When the project is completed, Cedar Lane Road will be widened to four lanes with 5-foot bike lanes adjacent to the curb, the intersection of 12th Avenue SE and Cedar Lane Road will be widened and signalized with dual left turn lanes from 12th Avenue SE onto eastbound Cedar Lane Road, the railroad at-grade crossing will become a quiet zone crossing, and 5-foot sidewalks will extend the length of the project on both sides of Cedar Lane Road. The Oklahoma Department of Transportation is administering the construction of the project on behalf of the City of Norman because federal transportation funds are involved in the project.

Additional questions may be directed to Mr. Josh Malwick, City of Norman Capital Projects Engineer, at (405) 366-5454 or Josh.Malwick@NormanOK.gov.
